MCC ELECTRONICS COMPANY

Excelling in Electronic Design, QUALITY & Service

SERVING OUR CUSTOMERS SINCE 1972

With over 40 years experience in electronic design and manufacture, we at MCC Electronics strive to provide a superior product to our customers. Whether the customer has a need for design assistance or for a manufacturer to their specifications, MCC Electronics is there every step of the way.

We service any and all industries that have a need for electronic design and manufacture including agriculture, automotive, medical, gaming, telecommunication and construction.

MCC Electronics provides a superior product by focusing on three important criteria:

DESIGN

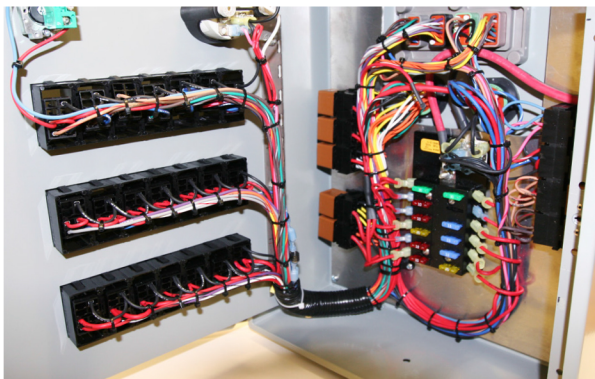
- From concept to prototype to production, our electrical and mechanical engineers lend their many years of experience and expertise to the project at hand.
- Our engineers can assist you in software engineering.
- In addition to electronic design, our engineers can also assist you with your electro-mechanical concepts.

QUALITY

- Quality is in the forefront of all processes at MCC Electronics. We understand the demand and importance of quality for our customer.
- In surveys, our customers overwhelmingly responded favorably regarding the quality of our product.
- We test 100% of the product that leaves our door.

SERVICE

- Our customers responded extremely positive when asked about the service we provide them.
- On time delivery is paramount in keeping our customers satisfied. We at MCC Electronics will do whatever it takes to ensure our customers orders are delivered when they desire them.



MCC Electronics has over 40 years experience in all facets of electronic design and manufacture.

Our capabilities include:

Hardware Design

Extensive circuit board design and layout experience

Analog and digital measurement

Data acquisition and control

Software Engineering

Fluent with C and Assembler, Visual Basic and Access

Experienced with embedded design and development

Device Programming

EEPROM programming

Micro Processor programming

Custom Silkscreening

Silkscreening of aluminum and stainless steel

Silkscreening of painted and powder coated metalwork

Other Services Offered

Encapsulating

Conformal Coating

Custom Test Fixtures built in house
